# Weierstrass Institute
for Applied Analysis and Stochastics

Online colloquium on the occasion of Jürgen Fuhrmann's 60th birthday, April 29
Finite volume methods for real-world applications
wias-berlin.de/workshops/FUHRI2021/

Thursday

Time	Event
09:30-10:00	Welcome Lounge
10:00-10:10	**Opening by Michael Hintermüller, WIAS**
10:10-10:50	**Claire Chainais-Hillairet, Université de Lille, FR**
	A computer-assisted proof of an existence result
	to a corrosion model
10:50-11:30	**Hang Si, WIAS**
	Jürgen's view and contribution to numerical
	mesh generation

Time	Event
11:30-11:40	**Hackathon Kick-Off**
11:40-13:00	**Lunch Break**
13:00-14:30	**Hackathon**
14:30-15:00	**Coffee Break**
15:00-15:10	**Laudatio by Volker John, WIAS**
15:10-15:50	**Robert Eymard, Université Gustave Eiffel, FR**
	Finite volume methods and monotony issues
From 16:00	**Virtual get-together – contributed stories and anecdotes**
